POLICE OFFICER SHOOTING – Washington County, 11/10/16 – Two Canonsburg Police Officers were shot while responding to a domestic dispute call at 120 Woodcrest Road in Canonsburg Borough. One officer was transported to Canonsburg Hospital and the other was flown to Allegheny General Hospital. The surrounding area was evacuated while a search was conducted for the actor. All evacuees were directed to the Canonsburg Middle School where the Red Cross and Salvation Army set up operations for the evacuees and first responders. A media release was issued by the Washington County Coroner's office stating that the officer at the Canonsburg Hospital had succumbed to his injuries. The other officer was reported to be in stable condition. The shooter killed himself and his girlfriend. The investigation is still ongoing.

SINKHOLE – Lancaster County, 11/8/16 – A 20 foot sinkhole occurred at Pine Street and Park Avenue in Ephrata Borough. The sinkhole caused a water main and gas line break. The sinkhole has continued to expand forcing two nearby apartment buildings to be evacuated. Nineteen residents were initially displaced and were being assisted by the American Red Cross. Six residents from the apartments located on the 200 block of the W. Pine Street building have been allowed to return. The Park Avenue apartment must have its foundation inspected to determine if it is safe for residents to return home. The inspection will not be performed until after the utilities are stabilized sometime next week. The sinkhole is approximately 100' x 60' with a cavern at least 60' deep. A Declaration of Disaster has been issued by the borough effective 11/8/16.

ADVERSE WEATHER – Statewide, 10/21/16 – Heavy rain over a short time resulted in flash flooding in numerous north central counties. The Department of Environmental Protection (DEP) provided emergency permits and water test kits in affected municipalities. Lycoming County reached out to all of their municipalities to collect Disaster Declarations, DAP-19 forms and Equipment Usage Lists. Preliminary estimates from Centre, Lycoming and Sullivan counties indicate damage in the range between \$10 and \$14 million. PEMA supported a Multi-Agency Recovery Center in Centre County on November 3, 2016. Support included the following agencies: PA Department of Health, IRS, PEMA Hazard Mitigation, PA Department of Insurance, and DEP. As of 11/1/16, Sunoco Logistics continued work on the pipeline by beginning hydro testing on an area south of the damaged section. Water for the hydro testing is being brought in and removed by truck and is recycled in coordination with DEP regulations. Current water monitoring results confirmed safe drinking water supplies. Air quality tests detect no hazardous levels. As of 11/2/16, all county EOCs have stood down. On Tuesday, November 15, Small Business Administration PDAs will be conducted.
