

DATE:

November 24, 2016

TO:

The Honorable Tom Wolf
Governor
Commonwealth of Pennsylvania

FROM:

Richard D. Flinn, Jr.
Director, PA Emergency Management Agency

TIME PERIOD:

This report covers the period 0600 hours, November 23, 2016, through 0600 hours, November 24, 2016.

STATUS REPORT: (as of 0600 hours)

THREAT STATUS:

National Terrorism Advisory System:

There are no current alerts.

CRCC STATUS:

Commonwealth Resource Coordination Center (CRCC) Activation: None

County EOC Activations: None

CAPABILITIES STATUS:

PA All-Hazards Type-3 Incident Management Team – Mission Capable

PA-Task Force 1 (PA-TF1) – Urban Search & Rescue – Mission Capable

PA-Task Force 2 (PA-TF2) - Search & Rescue - Mission Capable

INFRASTRUCTURE STATUS:

Major Road Closures: None
Power Outage Reports: As of 0545 hours – 1,446 customers
Telephone Outage Reports: 224 Frontier customers (Luzerne, Butler Township)

SIGNIFICANT EVENTS:

OPEN:

SINKHOLE – Lancaster County, 11/8/16 – A 20 foot sinkhole occurred at Pine Street and Park Avenue in Ephrata Borough. The sinkhole caused a water main and gas line break. The sinkhole has continued to expand forcing two nearby apartment buildings to be evacuated. Nineteen residents were initially displaced and were being assisted by the American Red Cross. Six residents from the apartments located on the 200 block of the W. Pine Street building have been allowed to return. The Park Avenue apartment must have its foundation inspected to determine if it is safe for residents to return home. The inspection will not be performed until after the utilities are stabilized sometime next week. The sinkhole is approximately 100' x 60' with a cavern at least 60' deep. A Declaration of Disaster has been issued by the borough effective 11/8/16. Construction work on the site is still in progress. Geophysical surveying results are complete and have been presented to the borough. The Borough is requested Right of Entry permissions to the private landowner to mitigate the existing void. Residents should be able to return to their homes next week if the mitigation work is completed.

ADVERSE WEATHER – Statewide, 10/21/16 – Heavy rain over a short time resulted in flash flooding in numerous north central counties. The Department of Environmental Protection (DEP) provided emergency permits and water test kits in affected municipalities. Lycoming County reached out to all of their municipalities to collect Disaster Declarations, DAP-19 forms and Equipment Usage Lists. Preliminary estimates from Centre, Lycoming and Sullivan counties indicate damage in the range between \$10 and \$14 million. PEMA supported a Multi-Agency Recovery Center in Centre County on November 3, 2016. Support included the following agencies: PA Department of Health, IRS, PEMA Hazard Mitigation, PA Department of Insurance, and DEP. As of 11/1/16, Sunoco Logistics continued work on the pipeline by beginning hydro testing on an area south of the damaged section. Water for the hydro testing is being brought in and removed by truck and is recycled in coordination with DEP regulations. Current water monitoring results confirmed safe drinking water supplies. Air quality tests detect no hazardous levels. As of 11/2/16, all county EOCs have stood down. The Governor of Pennsylvania has requested a Major Disaster Declaration for Public Assistance (Cat A-G) for four counties and Hazard Mitigation statewide due to severe storms and flooding that occurred. On November 21, the U.S. Small Business Administration (SBA) approved disaster assistance for Centre and Lycoming counties, as well as the contiguous counties of Blair, Bradford, Clearfield, Clinton, Columbia, Huntingdon, Mifflin, Montour, Northumberland, Potter, Sullivan, Tioga, and Union.

CLOSED:

WILD FIRE – Fulton County, 11/21/16 – A 100 acre wildfire occurred on State Game Lands #53 in Licking Creek Township. There were no homes, roads or businesses affected by the fire. A fire line was established to contain the fire. High winds complicated the firefighting efforts. DCNR remained on scene until the fire was contained and allowed to burn out.

DISASTER DECLARATIONS:

11/21/16 - The U.S. Small Business Administration issued SBA disaster declarations (#14987 and #14988) for Centre and Lycoming counties for damages during the severe flooding event on 10/21/16. In addition, contiguous counties of Blair, Bradford, Clearfield, Clinton, Columbia, Huntingdon, Mifflin, Montour, Northumberland, Potter, Sullivan, Tioga, and Union counties are also eligible. The effective date is 11/18/16 and termination date for applications is 01/17/17. Economic Injury Disaster Loan (EIDL) application termination date is 8/18/17.

11/8/16 – The council of the Borough of Ephrata, Lancaster County has issued a Declaration of Disaster that is effective immediately for damage caused by the street collapse at Pine and Park Streets.

10/21/16 – Lycoming County has issued a Declaration of Disaster as a result of the storms that dropped up to eight inches of rain in the region beginning on 10/20/16. Eight municipalities have issued a Declaration of Disaster (Montoursville Borough, Plunketts Creek, Eldred, Cascade, Gamble, Hepburn, McIntyre and Fairfield Townships).

10/21/16 – Sullivan County has issued a Declaration of Disaster as a result of the storms that dropped up to eight inches of rain in the region beginning on 10/20/16.

10/21/16 – Centre County issued a Declaration of Disaster as a result of the storms that dropped up to eight inches of rain in the region beginning on 10/20/16.

9/20/16 - The U.S. Small Business Administration issued SBA disaster declarations (#14857 and #14858) for Fayette, Greene, Somerset, Westmoreland, and Washington counties for damages during the flash flooding event on 8/28/16. The effective date is 9/20/16 and termination date for applications is 11/21/16. Economic Injury Disaster Loan (EIDL) application termination date is 6/20/17.

7/19/2016 – The U.S. Small Business Administration issued a SBA disaster declaration for Fayette, Greene, Somerset, Washington and Westmoreland counties for damages during the flooding event on June 17, 2016. The effective date is 7/19/16 and termination date for applications for Disaster Home Loans and Disaster Business Loans has passed. Economic Injury Disaster Loan (EIDL) application termination date is 4/19/17.

3/23/16 - The U.S. Department of Homeland Security's Federal Emergency Management Agency announced that federal disaster aid has been made available to the Commonwealth of Pennsylvania to supplement commonwealth and local recovery efforts in the area affected by the severe winter storm which occurred January 22-23, 2016. The designation is FEMA-4267-DR.

CONTIGUOUS STATE EVENTS OF POTENTIAL INTEREST TO PENNSYLVANIA:

Delaware:	No significant events at this time.
Maryland:	No significant events at this time.
New Jersey:	No significant events at this time.
New York:	No significant events at this time.
Ohio:	No significant events at this time.
West Virginia:	No significant events at this time.

24-hour Projected Weather Statewide:

National Weather Service, 0614 hours, 11/24/16

A slowly weakening area of low pressure will move just north of Pennsylvania today, dragging a weak warm front, then a cold front through the area. Moderating temperatures and a few periods of light rain will drift northeast across the region, mainly during the morning hours. There may be areas of very light sleet or freezing rain through the mid-morning hours across the mountains north and east of the Williamsport area. Most of the wet weather will shift to the northeast of the state by this afternoon.

High temperatures this afternoon will range from 40 in the north to around 50 degrees in the southern valleys.

Cloudy and mild conditions will persist tonight with some drizzle and fog shrouding the ridge tops of the Alleghenies. Lows tonight will be mainly in the mid to upper 30s.

Another, stronger cold front will cross the state late Friday and Friday night, followed by another brief shot of cold air, a gusty northwest wind and numerous snow showers across

the Laurel Highlands and northwest mountains of the state, where a few inches of snow will likely accumulate. Fair weather will accompany the arrival of high pressure later Sunday through Monday, before a persistent and increasingly moist southwest flow of gulf moisture develops for Tuesday into Thursday, bringing periods of steady rain with some places seeing over one inch during the 48 to 72 hour period.

WATCHES AND WARNINGS:

None
