**Multi-Year Training and Exercise Plan  
2015-2020**

**THIS PAGE INTENTIONALLY LEFT BLANK**

## PREFACE

The Commonwealth of Pennsylvania (hereafter referred to as the Commonwealth) has developed this Multi-Year Training and Exercise Plan (TEP) that encompasses fiscal years 2015 through 2020. The information contained in this TEP was developed following the Training and Exercise Planning Workshop (TEPW) conducted on December 11, 2014. The Pennsylvania Emergency Management Agency (PEMA) coordinated and facilitated the TEPW and the development of this TEP. PEMA as the State Administrative Agency (SAA) for the various grant programs that fund training and exercise programs throughout the Commonwealth conducts an annual TEPW. The 2015-2020 TEP includes the training and exercises planned for those years. An appendix (Appendix A) captures training and exercises conducted in 2014 that were not part of the 2014-2019 TEP. All Radiological Exercises from 2016 through 2020 are tentative and subject to final confirmation.

The Training Officer for each emergency management stakeholder (County, Task Force, State Agency and Educational Training Agency-ETA) is responsible for maintaining their own internal TEP's and providing information to the Commonwealth on the training and exercises conducted within their jurisdiction. PEMA fuses those individual TEP into a TEP that reflects the training and exercise efforts of the whole community.

The U.S. Department of Homeland Security (DHS) Preparedness Directorate's Office of Grants and Training (G&T) requires that every State and Urban Area conduct a TEPW annually. The fiscal year 2014 Homeland Security Grant Program (HSGP) and Emergency Management Performance Grant (EMPG) Funding Opportunity Announcement require grantees to develop and maintain a progressive exercise program consistent with the Homeland Security Exercise and Evaluation Program (HSEEP) and the National Exercise Program (NEP). Grantees must conduct a TEPW and then develop a multi-year TEP that addresses the priorities identified in the TEPW. Grantees are reminded of the importance of implementing corrective actions throughout the progressive exercise cycle. For grantees receiving both HSGP and EMPG funds, one TEPW and TEP is sufficient for both programs. There is no minimum requirement for the number of HSGP-funded exercises.

The Commonwealth has pursued a coordinated emergency management and homeland security strategy that combines enhanced planning, new equipment purchases, innovative training, and realistic exercises to strengthen its capabilities in all five mission areas – prevention, protection, mitigation, response, and recovery. Training and exercises play a critical role in this strategy by providing the Commonwealth with a means of attaining, practicing, validating, and improving those capabilities. The Commonwealth's training and exercise programs are administered by PEMA in coordination with local, state, federal, and private partners. The training and exercise objectives described in this plan will be tracked and reported for all State-level response agencies, as well as any county response agencies that are receiving State Homeland Security funds. The plan helps to maintain the Commonwealth of Pennsylvania's commitment to preparedness from a whole Commonwealth community approach.

## **PURPOSE**

The purpose of the multi-year Training and Exercise Plan (TEP) is to document an organization's training and exercise program priorities for a specific multi-year time period. It is considered to be a living document that can be updated and refined annually. A copy of this TEP will be available on the Pennsylvania Emergency Management Agency's (PEMA) website and will be updated quarterly to reflect updates to training and exercises as they occur and are scheduled and reported throughout the year.

These priorities are linked to corresponding core capabilities, and, if applicable, a rationale based on existing strategic guidance, threat assessments, corrective actions from previous exercises, or other factors. This multi-year TEP identifies the training and exercises that will help the stakeholder organizations build and sustain the core capabilities needed to address its training and exercise program priorities. Stakeholders in this enterprise include: County and municipal partners, taskforce representatives, state agencies and departments and federal partners.

The multi-year TEP presents a combination of progressively constructed exercises – along with the associated training requirements – which address the priorities identified in the Training and Exercise Planning Workshop (TEPW). The TEP enables organizations to participate in a series of increasingly complex exercises, with each successive exercise building upon the previous one until mastery is achieved. Further, by including training requirements in the planning process, organizations can address known shortfalls prior to exercising capabilities.

The multi-year TEP also serves as a follow-on companion document to the Commonwealth of Pennsylvania's National Incident Management Implementation Strategy (NIMS) and the State Homeland Security Strategic Plan (SHSSP). The TEP provides a roadmap for the Commonwealth to follow in accomplishing the priorities described in this document.

## **OBJECTIVES**

The Commonwealth of Pennsylvania's objectives for the Training and Exercise Plan are:

Design, develop, and deliver a training and exercise program that enables the Commonwealth to respond to and recover from; natural and man-made disaster events.

Enhance the whole community resilience of the Commonwealth, through capability-based planning in accordance with the National Preparedness Goal and the Commonwealth's Strategic Plan.

Provide training and exercise program that is based on the recommendations and assessments in the Commonwealth's Threat Hazard Identification and Risk Assessments (THIRA), After Action Reports/Improvement Plans (AAR/IP) and the analysis of the National Incident Management System (NIMS) Compliance Metrics Data.

# **PROGRAM PRIORITIES**

## **I. National Preparedness Goal – Core Capabilities**

Presidential Policy Directive No. 8 – National Preparedness (PPD-8) describes the nation’s approach to preparing for the threats and hazards that pose the greatest risk to the security of the United States. National preparedness is the shared responsibility of the whole community. The 31 Core Capabilities contained in the National Preparedness Goal are distinct critical elements identified as necessary for maintaining a successful and comprehensive level of preparedness. They are highly interdependent and require communities to use existing preparedness networks and activities, improve training and exercise programs, promote innovation, and ensure that the administrative, finance, and logistics systems are in place to support these capabilities. The Commonwealth of Pennsylvania will address these 31 Core Capabilities across the 5 mission areas of Prevention, Protection, Mitigation, Response and Recovery.

- A. Interagency training collaboration**
- B. Develop and deliver capability-based exercise programs**
- C. Promote Commonwealth Whole Community resilience**

## **II. Interagency Training Collaboration**

Identify training and exercise needs of all of the emergency management stakeholders in the commonwealth and ensure that training and exercise programs are provided that enhance the commonwealth’s preparation for, response to, and recovery from any type of disaster. Establish and maintain a unified and coordinated operational structure and process that appropriately integrates all critical stakeholders and supports the execution of core capabilities.

- A. Corresponding Core Capabilities**
  - 1. Planning**
  - 2. Public Information and Warning**
  - 3. Operational Coordination**
  - 4. Operational Communications**
  - 5. Mass Search and Rescue Operations**
  - 6. Threats and Hazard Identification**
  - 7. Situational Assessment**
  - 8. Intelligence and Information Sharing**
  - 9. Supply Chain Integrity and Security**
  - 10. Mass Care Services**

## **B. Rationale**

The AAR/IP from the 2014 Vigilant Guard/Spring Weather Exercise identified the need for the development of training programs that support the development of Position Specific Incident Management Team training and the development of exercises that provide the opportunity to test those capabilities. The Commonwealth's NIMS Implementation Strategy also identifies the need for similar coursework.

## **C. Supporting Training Courses and Exercises**

1. The Commonwealth's NIMS identified the following training courses as a priority for the Commonwealth's emergency management partners training programs:

- a. **ICS-100:** Introduction to the Incident Command System (ICS)
- b. **ICS-200:** ICS for Single Resources and Initial Action Incidents
- c. **ICS-300:** Intermediate ICS for Expanding Incidents
- d. **ICS-400:** Advanced ICS
- e. **IS-700:** National Incident Management System (NIMS), An Introduction
- f. **IS-701:** NIMS Multiagency Coordination System
- g. **IS-702:** NIMS Public Information
- h. **IS-703:** NIMS Resource Management
- i. **IS-706:** NIMS Intrastate Mutual Aid, An Introduction
- j. **IS-800:** National Response Framework, An Introduction
- k. **G-191:** Incident Command System/Emergency Operations (ICS/EOC) Interface
- l. **G-402:** Incident Command System (ICS) Overview for Executives/Senior Officials
- m. **G-775:** Emergency Operations Center Management and Operations
- n. **PER-320:** Personal Protective Measures for Biological Events (PPMBE)
- o. **NIMS ALL-HAZARDS** Position-Specific Training as appropriate for entities

2. Upcoming exercises that will support interagency training collaboration and the associated core capabilities include:

- a. Severe Spring Weather Exercise (Functional)
- b. Public Health Emergency Coordination Center (PHECC) Exercise
- c. Winter Weather Exercise (Functional)
- d. Radiological Transportation Exercises (Tabletop and Functional)
- e. Radiological Emergency Preparedness Exercises (Functional)
- f. MS-1 Hospital Exercises (Full-scale)

### **III. Develop and Deliver Capability-Based Exercise Programs**

#### **A. Corresponding Core Capabilities**

- 1. Planning**
- 2. Public Information and Warning**
- 3. Operational Coordination**
- 4. Operational Communications**
- 5. Mass Care Services-**
- 6. Situational Assessment**
- 7. Economic Recovery**
- 8. Infrastructure Systems**
- 9. Critical Transportation**
- 10. Environmental Response/Health and Safety**

#### **B. Rationale**

The review of AAR/IPs from exercises conducted in 2014 specifically, the 2014 Vigilant Guard/Spring Weather Exercise and South Central Mountain Regional Task Force's "Mountain Mayhem" Exercise identified the vulnerabilities that this TEP intends to remedy. Emergent events in 2014, specifically the Pennsylvania State Police manhunt in Pike and Monroe counties and the severe weather events in February, revealed that the Commonwealth's TEP should develop training and exercises that are whole community based. The TEP reflects the need for the development of a training and exercise program that fosters joint interaction between all Emergency Support Functions (ESFs) and enhances the capabilities that currently exist.

#### **C. Supporting Training Courses and Exercises**

- 1. E/L-947: Emergency Operations Center (EOC)/Incident Management Team (IMT) Interface**
- 2. E/L-950: All-Hazards Incident Commander**
- 3. E/L-952: All-Hazards Public Information Officer**
- 4. E/L-954: All-Hazards Safety Officer**
- 5. E/L-956: All-Hazards Liaison Officer**
- 6. E/L-958: All-Hazards Operations Section Chief**
- 7. E/L-960: All-Hazards Division/Group Supervisor**
- 8. E/L-962: All-Hazards Planning Section Chief**
- 9. E/L-964: All-Hazards Situation Unit Leader**
- 10. E/L-965: All-Hazards Resource Unit Leader**
- 11. E/L-967: All-Hazards Logistics Section Chief**
- 12. E/L-969: All-Hazards Communications Unit Leader**
- 13. E/L-970: All-Hazards Supply Unit Leader**
- 14. E/L-971: All-Hazards Facilities Unit Leader**
- 15. E/L-973: All-Hazards Finance/Administration Section Chief**
- 16. E/L-975: All-Hazards Finance/Administration Unit Leader**
- 17. ICS-100: Introduction to the Incident Command System (ICS)**

18. **ICS-200:** ICS for Single Resources and Initial Action Incidents
19. **ICS-300:** Intermediate ICS for Expanding Incidents
20. **ICS-400:** Advanced ICS
21. **IS-700:** National Incident Management System (NIMS) An Introduction
22. **IS-701:** NIMS Multiagency Coordination System
23. **IS-702:** NIMS Public Information
24. **IS-703:** NIMS Resource Management
25. **IS-706:** NIMS Intrastate Mutual Aid, an Introduction
26. **IS-800:** National Response Framework, an Introduction
27. **G-191:** Incident Command System/Emergency Operations (ICS/EOC) Interface
28. **G-402:** Incident Command System (ICS) Overview for Executives/Senior Officials
29. **G-775:** Emergency Operations Center Management and Operations

**D. Upcoming exercises that will support interagency training collaboration and the associated core capabilities include:**

1. Severe Spring Weather Exercise (Functional)
2. Utilities Disruption Exercise (Tabletop)
3. Winter Weather Exercise (Functional)
4. Radiological Transportation Exercises (Tabletop and Functional)
5. Radiological Emergency Preparedness Exercises (Functional)
6. MS-1 Hospital Exercises (Full-scale)

## **IV. Promote Commonwealth Whole Community Resilience**

### **A. Corresponding Core Capabilities**

- 1. Community Resilience**
- 2. Long-term Vulnerability Reduction**
- 3. Risk and Disaster Resilience Assessment**
- 4. Health and Social Services**
- 5. Housing**
- 6. Public Information and Warning**
- 7. Planning**
- 8. Economic Recovery**
- 9. Mass Care Services**
- 10. Operational Coordination**
- 11. Situational Assessment**

### **B. Rationale**

The review of 2014 training course evaluations, the ongoing recovery and mitigation efforts from recent natural disasters, indicated that there is a need to continue to deliver training at the municipal, county, and state level to enhance the resilience of all of the commonwealth community. The Commonwealth's Threat and Hazard Identification Assessment (THIRA) identified similar core capability gaps for whole community involvement and coordination in several key areas.

### **C. Supporting Training Courses and Exercises**

- 1. G-202: Debris Management**
- 2. G-250: Rapid Needs Assessment**
- 3. G-270: Disaster Recovery**
- 4. G-270: Recovery from Disaster; the Local Government Role**
- 5. MGT-343: Disaster Management for Water and Wastewater Utilities**
- 6. IS-301: Mitigation Grants System for the Grant Applicant**
- 7. E317: Comprehensive Data Management for HAZUS**
- 8. G-318: All Hazards Mitigation Planning Workshop**
- 9. G-358: Evacuation and Re-Entry Planning**
- 10. G-386: Mass Fatalities Incident Response**
- 11. Citizens Emergency Response Team (CERT)**
- 12. State Floodplain Management & Mitigation**

### **D. Upcoming exercises that will support interagency training collaboration and the associated core capabilities include:**

- a. Severe Spring Weather Exercise (Functional)**
- b. Utilities Disruption Exercise (Tabletop)**
- c. Winter Weather Exercise (Functional)**
- d. Radiological Emergency Preparedness Exercises (Functional)**

## METHODOLOGY AND TRACKING

Exercise and training data were gathered in advance of and during the TEPW, which was held on December 11, 2014. Based on this information, a comprehensive training and exercise schedule was created for the next five years. Training offerings and exercises included in this schedule will reinforce the five mission areas of prevention, protection, mitigation, response, and recovery, as well as their associated core capabilities. Participants in the 2015-2020 TEPW included:

<b>Counties</b>	
Donnie Swope	Berks County Department of Emergency Services
Heather Morgan	Chester County Department of Emergency Services
Rob Moore	Clinton County Department of Emergency Services
Allen W. Clark	Crawford County Office of Emergency Services
Michele Parsons	Cumberland County Department of Public Safety
Dave A. Boucher	Lancaster County Emergency Management Agency
Tommy Smith	Lycoming County Department of Public Safety
Ryan Hay	Northampton County Emergency Management Services
Joel Landis	Somerset County Emergency Management Agency
Robert Stoud	Susquehanna County Emergency Management Agency
Chris Tantlinger	Westmoreland County Department of Public Safety
James Welty	York County Office of Emergency Management
<b>Task Forces</b>	
Sandra K. Wilson	South Central Mountain Regional Task Force
<b>State Agencies</b>	
James O'Shea	Pennsylvania Department of Military and Veterans Affairs
Patrick Monahan	Pennsylvania Department of Military and Veterans Affairs
Patrick Flynn	PEMA Training and Exercise
Graham Hess	PEMA Training and Exercise
Cole Hoffen	PEMA Training and Exercise
Shawn McClearn	PEMA Training and Exercise
Stephen Michelone	PEMA Training and Exercise
Alan Brinser	PEMA Technical Hazards
Heather Davis-Jenkins	PEMA Strategic Planning
Kirsten Cohick	PEMA Strategic Planning
Bob Goodman	PEMA Strategic Planning
Stephen Bekanich	PEMA Bureau of Recovery and Mitigation
Tom Hughes	PEMA Bureau of Recovery and Mitigation
Ernie Szabo	PEMA Bureau of Recovery and Mitigation
William Creason	PEMA Bureau of Recovery and Mitigation
Nick Buls	PEMA Bureau of Recovery and Mitigation
Robert Meinert	PEMA Bureau of Emergency Operations
Susan Singer	PEMA Bureau of Emergency Operations
Kevin Craver	PEMA Central Area Office
Bob Pinciario	Governor's Office of Homeland Security

Jack Stchur	Pennsylvania State Police
John Yunk	Pennsylvania State Police
Paul Chalecki	Pennsylvania Department of Transportation
Kerry Leib	Pennsylvania Department of Environmental Protection
David Ralicki	Pennsylvania Department of Environmental Protection
Alhaz Bah	Pennsylvania Department of Environmental Protection
Molly Dougherty	Pennsylvania Office of Administration
Philip Duncan	Pennsylvania Office of Administration
Mike Hollo	Pennsylvania Office of Administration
Frank Walkowiak	Pennsylvania Department of General Services
Natalee Herberg	Pennsylvania Department of Health
Mercita Clelan	Pennsylvania Department of Health
Tina Lingle	Pennsylvania Department of Labor & Industry
Derek Ruhl	Pennsylvania Department of Agriculture
Briton Lewis	Pennsylvania Department of Human Services
<b>Private Partners</b>	
Ed Robertson	American Red Cross
<b>Federal Partners</b>	
John Brasko	Federal Emergency Management Agency Region III
Rhonda Booth	Federal Emergency Management Agency Region III
Debra Brooks	Federal Emergency Management Agency Region III

The objectives for the exercises developed in 2015-2020 will integrate the core capabilities and provide the emergency management stakeholders an opportunity to validate where we need improvement as far as preparedness and identifying where we are strong. Exercise development will follow Homeland Security Exercise and Evaluation Program (HSEEP) guidance and will culminate with a detailed After Action Report (AAR) and Improvement Plan (IP). The AAR/IPs from these exercises and from real world events will inform and provide data for future training and exercises, ensuring that best practices lead to lessons learned and improvements which are appropriately identified, implemented, and tracked. The AAR/IPs will be made available to all stakeholders and will be utilized in the next iteration of the TEP. Inclusion in the TEP requires that the training or exercise meet one of the five criteria:

1. Training and exercises are multi-jurisdictional and/or multi-regional
2. Training and exercises utilize federal grant funding
3. Training and exercises involve multiple agencies and levels of government, including the local, state, and federal level
4. Training and exercises involve interstate interaction
5. Training and exercises include a federal consortium school coming to Pennsylvania

All AAR/IPs and course evaluations from course offerings and exercises held in 2015 will be reviewed by the Training and Exercise Division for the upcoming TEP. The 2016-2021 TEP will be held in August 2015 at the Emergency Management Annual Conference.

## Appendix A

A significant number of exercises and training events occurred in 2014 that were not documented in the 2014-2019 Training and Exercise Plan (TEP). To that end, Appendix A of the 2015-2020 TEP will include a listing of those training offerings and exercises that is intended to capture that information.

To date we have captured information on 170 training offerings, 29 drills, 35 tabletop exercises, 10 functional exercises, and 12 full scale exercises that were not included in the 2014-2019 TEP.

We realize that the nature of some training and exercise opportunities sometimes do not lend themselves to long term planning, but our goal this year is to capture the majority of those events. Once compiled, the information will be disseminated on the new PEMA training calendar.
