III. GENERAL INFORMATION

- A. HSPD-5 mandates the implementation of the NIMS.
- B. The United States Department of Homeland Security's (DHS) *NIMS Training Program* outlines the approach to achieving training under the NIMS. The *Commonwealth of Pennsylvania NIMS Implementation Strategy* outlines minimum required training for all stakeholders within the Commonwealth of Pennsylvania.
- C. Future federal preparedness funding and assistance is contingent upon working towards achieving full NIMS compliance, as prescribed in the *Homeland Security Act of 2002*, as amended, and as outlined with the Implementation Objectives in Appendix A of the *Commonwealth of Pennsylvania NIMS Implementation Strategy*. In order for Pennsylvania and its local jurisdictions to secure this funding, the Federal Emergency Management Agency (FEMA) requires, at a minimum, that the Commonwealth remain dedicated to implementing the NIMS and completing all on-going compliance activities specified by the National Integration Center (NIC) to date.
- D. Compliance with implementation will be tracked using the current federal compliance metric tool, which may change annually as funding allows.
- E. NIMS compliance reporting is due to the Commonwealth NIMS Coordinator by state agencies and the Area Offices no later than October 15th (or the next business day if the October 15th falls on a weekend) annually, and is to be submitted following the procedures for reporting as outlined in Section 3 of the *Commonwealth of Pennsylvania NIMS Implementation Strategy*.
- F. The *Commonwealth of Pennsylvania NIMS Implementation Strategy* will be reviewed annually by the Pennsylvania NIMS Work Group, and updated every five years, or as needed to accommodate new federal or state guidance. Any questions, concerns, or suggestions should be addressed through the appropriate Area Office, if applicable, or to the NIMS Coordinator.
- G. The Pennsylvania Emergency Management Agency (PEMA) shall annually review all NIMS compliance reporting submissions and assist stakeholders as needed to resolve compliance concerns. Area Offices will be included in assisting with county and municipal stakeholders.
