DATE:  
June 19, 2023

TO:  
The Honorable Josh Shapiro  
Governor  
Commonwealth of Pennsylvania

FROM:  
Randy Padfield  
Director, PA Emergency Management Agency

TIME PERIOD:  
This report covers the period from 0600 hours, June 18, 2023, through 0600 hours, June 19, 2023.

STATUS REPORT: (as of 0600 hours)

THREAT STATUS:

National Terrorism Advisory System: The United States remains in a heightened threat environment. Lone offenders and small groups motivated by a range of ideological beliefs and personal grievances continue to pose a persistent and lethal threat to the Homeland. Both domestic violent extremists (DVEs) and those associated with foreign terrorist organizations continue to attempt to motivate supporters to conduct attacks in the Homeland, including through violent extremist messaging and online calls for violence. In the coming months, factors that could mobilize individuals to commit violence include their perceptions of the 2024 general election cycle and legislative or judicial decisions pertaining to sociopolitical issues. Likely targets of potential violence include US critical infrastructure, faith-based institutions, individuals, or events associated with the LGBTQIA+ community, schools, racial and ethnic minorities, and government facilities and personnel, including law enforcement.

Effective: 5/24/2023 1400 hours to 11/24/2023 1400 hours.

Commonwealth Response Coordination Center (CRCC) Status: Normal Operations

County EOC Activations: Philadelphia OEM will reactivate at 0730 hours for I-95 closure

Municipal EOC Activations: None

CAPABILITIES STATUS:

PA All-Hazards Type-3 Incident Management/ Team – Mission Capable
PA-Task Force 1 (PA-TF1) – Mission Capable
INFRASTRUCTURE STATUS:

**Major Road Closures:** Interstate 95 in Philadelphia County

**Power Outage Reports:** As of 0600 hours, 819 customers

**Telephone Outage Reports:** None

SIGNIFICANT EVENTS:

OPEN:

**MISSING AIRCRAFT SEARCH - Cambria County, 6/18/23** - Cambria County Fire and EMS units assisted the PSP in searching for a missing four seat 1964 Piper PA -30 Tail Number N7628Y in Cambria Township. No flight plan was filed. A missing craft mission was issued by the Federal Aviation Administration (FAA). Cleveland Air Traffic Control reported that the last flight communication was at 0506 hours on 6/17/23, the plane was flying at 3700 feet and registered a steep decline. Coordinates placed the aircraft in the vicinity of US 219 and Municipal T431 and T418 Roads. Search units staged at the Ebensburg Airport. Cambria County EMA requested a Civil Air Patrol (CAP) Liaison Officer to assist. CAP was contacted and gained an Air Force Rescue Coordination Center (AFRCC) Mission number 23-M-0227. PSP had one helicopter assisting the search. At 1433 hours on 6/18/23 Cambria County EMA reported the aircraft was located. There were two fatalities on board. There was a small fire put out by an extinguisher, no hazmat was reported. County and PSP initiated a separate Request For Assistance for site security until FAA and National Transportation Safety Board (NTSB) can complete their investigations. AFRCC approved CAP site security mission number 23-C-5344. The FAA responded and is on scene, NTSB is expected on scene between 0930-1000 hours on Monday 6/19/23.

**POLICE OFFICER INJURY – Juniata County, 6/17/23** – An individual fired shots at the Pennsylvania State Police (PSP) Barracks in Mifflintown Borough injuring one trooper who was transported to a local hospital in critical condition. After a search, the subject was located in the area of Swamp Road and Baumgardner Drive in Walker Township, Juniata County. An exchange of gun fire occurred between the troopers and the subject. The subject and one PSP trooper were killed. The incident remains under investigation by the PSP.

**ADVERSE WEATHER – Statewide, 6/16/23** – An upper-level low-pressure system crossed through the Commonwealth from west to east spawning severe thunderstorms with strong winds and heavy rain causing road closures, power outages, and downed trees and wires. Several severe thunderstorm, flash flood, and tornado warnings were issued for southeastern Pennsylvania but have since expired. Delaware County activated their Emergency Operations Center (EOC) until 1300 hours on 6/16/23. Lancaster County reported a loss and restoration of power to Country View Manor, a Pennsylvania Department of Human Services licensed personal care home, in East Drumore Township. A Declaration of Disaster Emergency was submitted by West Caln Township, Chester County due to damage across the township from the storms. A damage assessment was conducted by the Chester County Emergency Management Agency and the West Caln Township Emergency Management Coordinator. Chester County reported that the National Weather Service (NWS) in Mount Holly stated via social media that a tornado was confirmed in West Caln Township. On 6/17/23, NWS Mount Holly reported the tornado in West Caln Township was rated an EF-1. Chester County reported PECO was requested for two additional power outages and all roads are passable in West Caln Township except for Skiles Road.

**ROAD CLOSURE – Philadelphia County, 6/11/23** - Interstate 95 (I-95) closed in both directions between the Academy Road exit (#32) and the Cottman Avenue exit (#30) in
Philadelphia City due to a gasoline tanker fire which occurred under the I-95 roadway in the area of Cottman Avenue and State Road. The fire caused the northbound roadway/bridge to collapse and the southbound roadway/bridge to sag. The tanker was hauling 8,500 gallons of 87 octane gasoline. All vehicles in the north and south bound queues were cleared, and no injuries were reported. No evacuations occurred in the area. Federal, state, and local agencies responded to assist. The initial vehicle fire was extinguished. Due to an undetermined quantity of gasoline that impacted underground utilities and sewer/storm drain system, there were explosions reported. Utility providers conducted inspections and tests of their infrastructure that may have been impacted. Potential water runoff from fire suppression was traced by the Pennsylvania Department of Environmental Protection (PA DEP) and the U.S. Coast Guard (USCG) assisted. Evaluation of any potential impact to the Delaware River along with any other HAZMAT impacts began. A water main break occurred in the area due to the incident, and repairs were conducted. Lewis Environmental was contracted and placed booms in the Delaware River. Philadelphia Police worked on traffic control and detour routes. Southeast Pennsylvania Transit Authority (SEPTA) added additional railcars to trains and rerouted buses for commuter traffic. Port Authority Transit Corporation (PATCO)/ Delaware River and Bay Authority (DRBA) lifted construction closures on the bridges due to increased volume. The National Transportation Safety Board sent a team to conduct a safety investigation of the incident. Water traffic was not impacted. The Philadelphia Office of Emergency Management (OEM) deactivated for the night at 2000, 6/11/23 and reactivated at 0730, 6/12/23. Southampton Road was closed overnight for underground gas line repair. The outside lanes of Roosevelt Boulevard were closed for work that was planned for 6/11/23. The detour routes may change to accommodate recovery and repair operations. On 6/12/23, one victim was located in the cab of the truck and was pronounced dead. OEM activated at 0730 and deactivated at 1800; they will continue to do so for the foreseeable future. Governor Josh Shapiro issued a proclamation of disaster emergency for Philadelphia County in response to the fire and collapse of I-95. On 6/13/23, the Federal Transportation Secretary visited the site with state and city officials and held a press conference at 1200. Governor Shapiro also visited the site. Additional variable message signs (VMS) were deployed to various locations at the request of the Philadelphia Police Department to support local detours. Additional traffic cameras were also deployed to the area surrounding the incident for better visibility of traffic conditions. PECO worked on removing power lines in the area to allow construction equipment to operate safely. On 6/14/23, Governor Shapiro visited the site again and held a press conference. PennDOT sourced five light towers to support overnight operations. On 6/16/23, a vehicle accident brought utility poles and wires down on the primary detour route for I-95 southbound at PA-73 and Princeton Avenue. The Philadelphia Police Department established a temporary detour around the incident. Damaged Pennsylvania Department of Transportation (PennDOT) fiber lines from the earlier accident were repaired overnight. Debris removal on the interstate and along the on/off ramps continued overnight. The Philadelphia Police Department and PennDOT continued planning to open an additional lane on the northbound detour under Tacony-Palmyra Bridge which will go into effect overnight on 6/19/23. The President of the United States and Governor Shapiro held a press conference at the Philadelphia International Airport after an aerial tour of the incident site on 6/17/23. The Princeton Avenue Interstate 95 northbound on-ramp has reopened.

**COMMERCIAL VEHICLE ROLLOVER - Cambria County, 6/5/23** — Emergency units responded to the area of Admiral Peary Highway (US-22) and Blue Spruce Road in Jackson Township for a reported commercial vehicle rollover with HAZMAT. US-22 was closed in both directions in the area of the incident. Pennsylvania Department of Environmental Protection (DEP) responded to the scene. The county sent a CodeRed message to evacuate residents in a one-mile radius. Incident Command reported leaking chemicals with placards 3109 Organic Peroxide and 1903 Corrosive Class 3 Flammable. Substances produced a strong odor and onsite command zone moved back. The total number of types of chemicals is unknown due
to leaking and not being able to get close enough to evaluate the truck. McCutchen was hired as the cleanup contractor and are working with local hazmat to evaluate the scene. Units contained the spill at the catch basin which is closer to County Line Road in between County Line and Blue Spruce Roads. Crews are still working to determine if a waterway is impacted and if materials traveled under US-22. Three homes were in the evacuation zone and a shelter was opened at Station 42 for those impacted. No one was reported to be using the shelter. As of the evening of 6/6/23, US-22 is open in both directions. A total of 11 different chemicals were onboard; nine totes of organic peroxide, two totes of ammonium compounds, and several five-gallon buckets of other chemicals have been removed. Clean-up and vehicle recovery are still underway. On 6/13/23, the county reported that most of the contaminated soil has been removed. Several trees and stumps that were affected by the incident need to be ground out and removed. McCutchen’s flush of the culvert pipe produced good downstream results. Mitigation is moving into its final phase of cleanup. McCutchen is awaiting DEP approval of the remediation work.

**NRC# 1369077 – FUEL SPILL – Washington County, 6/4/23** – A contractor from Norfolk Southern spilled 500 gallons of diesel fuel onto the ground while refueling a locomotive at the Shire Oaks Rail Yard in Union Township. The fuel was contained to the area of the fuel truck and source was stopped. A small amount of fuel might have reached a catch basin 30 yards away. Absorbent booms and pads have been placed around the basin and area of release. The discharge area from the pond was scheduled to be boomed off Sunday morning. A cleanup contractor was hired. The basin and pond will be monitored until cleanup is complete. DEP will have appropriate program follow up unless onsite conditions change. On 6/4/24 the cleanup contractor vacuumed up 250 gallons of fuel, affected soil was excavated, and some fuel was found in the drainage pipes. Operations are ongoing.

**COMMERCIAL STRUCTURE FIRE - Berks County, 3/24/23** - A four-alarm fire with explosion occurred at the R.M. Palmer Candy Company in West Reading Borough. A level 2 Mass Casualty Incident (MCI) was declared, and Emergency Medical Services and MCI trailers were requested from Lebanon County. Due to significant structural damage and partial collapse, a grid search of the incident area was initiated. A resource request was made for a modified Type 4 Urban Search and Rescue team to include collapse engineers, canine search teams (live and cadaver), technical search, rescue specialists, and logistic and planning personnel. A three-mile temporary flight restriction was issued around the incident but was lifted at 2235 hours last evening. Norfolk Southern rail traffic was paused in the area due to debris on the railroad tracks. As of 0606 hours this morning, rail traffic has resumed with a five-mph restriction due to instability of buildings in the area. A shelter in place order was issued for residents along Franklin Street. The PA Department of Transportation (PennDOT) was requested to assist with traffic control at the exits of US-422 to Penn Avenue and at the intersection of Penn and 4th Avenues. The county Emergency Operations Center (EOC) was at an enhanced level. They stood down at 0130 hours this morning. On 3/25/23, five apartments at Penn Avenue and 2nd Street were deemed uninhabitable. The American Red Cross is assisting the residents and reported there is no need for a shelter. Search efforts have been completed. PATF-1 has demobilized and departed for home base. Both eastbound and westbound lanes of Penn Avenue and the off ramps from US-422 eastbound and westbound reopened. On 3/28/23, the National Transportation Safety Board opened an investigation into the explosion and fire.

**TRAIN DERAILMENT - Columbiana County, Ohio, 2/3/23** - On 2/3/23 at 2130 hours, mutual aid crews from Beaver County responded to a train derailment near Taggart Street, East Palestine, Ohio. Approximately 53 railcars derailed and some of them caught fire. There were five cars of vinyl chloride within the wreckage. Around 2330 hours a call was received from an Environmental Protection Agency (EPA) Region 3 representative, and they advised
there was no current impact to PA. EPA Region 5 and Ohio EPA set up air monitoring equipment and they also used handheld monitors, and nothing was detected. Members of the PA Department of Environmental Protection (DEP) Southwest Regional Office were also onsite monitoring through daylight and maintained a presence until there was no threat to PA. An IMAAAC model showed a potential impact to residences in PA if harmful chemicals were released from any of the derailed cars. Beaver County EMA Coordinator reported that they followed Columbiana County, Ohio’s lead and a message was sent out to 16 registered users in the one-mile zone to shelter in place. Ohio later changed their message to an evacuation, but Beaver County remained as a shelter in place due to no residences being impacted. Shell Monaca was provided green foam to help extinguish the fires. Clean-up contractors from SPSI and Hepaco responded to the scene. Norfolk Southern reported a rail car was venting so it was decided that there would be no offensive fire attack. The shelter in place order remained in effect for Beaver County. Beaver County sent tankers from nine departments and an engine to assist in drafting from a lake in town once the railroad deemed it was safe. As of 2/5/23, Columbiana County, Ohio EMA recommended a one-mile evacuation around the incident due to one of the vinyl chloride rail cars showing a temperature increase. This included the 10 homes that were sheltering in place within Beaver County. Local police advised the residents of those homes and an additional 12 homes of the evacuation recommendation. On 2/6/23, all 22 homes in the PA evacuation zone were evacuated. Beaver County Animal Response Team (CART) requested assistance for trailers from Washington and Westmoreland Counties to assist with evacuation of farm animals from Kindred Spirits Rescue Farm. The recommended evacuation zone remained at one mile. PA-51 was closed to PA-168. The Pennsylvania Emergency Management Agency (PEMA) ordered a partial activation of the Commonwealth Response Coordination Center (CRCC) at 1100 hours and Beaver County Emergency Operations Center (EOC) partially activated. A planned controlled detonation was performed to empty five rail cars into a trench to burn off the vinyl chloride. A local hospital reported three patients from the Chippewa area and one from East Palestine complaining of burning eyes and chest pains. Norfolk Southern established a Family Assistance Center for affected residents in New Waterford, Ohio; Beaver Valley Intermediate School remained open. On 2/7/23, the plume from the controlled detonation on 2/6/23 dissipated with no significant air detection identified by EPA Region 3 or PA DEP. Norfolk Southern conducted wrecking operations of damaged cars at the site. A single hopper train was intentionally breached so that it could burn freely to help clear debris from the railway. All previously damaged train cars were removed from the track and replacement track installation occurred. Normal readings were reported by the Ohio Civil Support Team after monitoring the inside of three residences. The Ohio Department of Natural Resources reported approximately 1,800 fish killed within the streams and creeks that were affected. Two firefighters from Darlington Township, Beaver County had trouble breathing after washing their apparatus and one sought medical attention. Air monitoring continued and there were no contaminants or concerns. The PEMA CRCC demobilized on 2/8/23 at 1600 hours. All roads that were closed in PA, including PA-51, were reopened. On 2/9/23, Darlington Township EMA completed door to door notifications advising residents that were evacuated of the availability of well testing and bottled water. Additionally, there are only 20 total homes in the evacuated area, not 22 which was previously reported. 19 of the notifications have been completed and they continued attempting to contact the remaining resident. The Beaver County EOC deactivated at 1200 hours on 2/10/23. A public inquiry line remains operational. On 2/14/23, the EPA identified three other chemicals that were part of the train. They continue to monitor the air and waterways for contamination. On 2/23/23, PEMA, in conjunction with the Departments of Health (DOH) and Environmental Protection, launched a website to provide information to Commonwealth residents about the derailment. On 2/28/23, the Pennsylvania Department of Health opened a Health Resource Center in Darlington Township, Beaver County for residents of Beaver and Lawrence counties who have health concerns following the Norfolk Southern train derailment. On 3/1/23, door-to-door surveys were conducted for 22 households within
the 1-mile evacuation zone. Additional discussion led to a decision to do CDC outreach (door knocking) within the 2-mile radius in Pennsylvania, which will begin on 3/2/23. Approximately 450 healthcare providers participated in three webinars conducted on 2/28/23 and 3/1/23 for major medical providers in the Southwestern Region. Sample testing and review on Norfolk Southern soil sampling continues by Commonwealth agencies. The EPA Region 3 Director accompanied by staff, Pennsylvania Senator Casey, and Representative Deluzio toured the site on 3/2/23. On Monday, 3/6/23, Pennsylvanian Governor Shapiro announced that Norfolk Southern has agreed to pay Pennsylvania millions of dollars for the impacts of the train derailment. Norfolk Southern agreed to reimburse local fire departments to replace contaminated or damaged equipment used during the response to the derailment, to provide funds for a Community Relief Fund to be run by officials in Beaver and Lawrence counties, and to reimburse state agencies (DEP, DOH, and PEMA) for associated costs. Norfolk Southern will collect soil samples by March 9th with representatives from the EPA will be present. Removal of the train tracks closest of Pennsylvania began over the weekend and was completed 3/5/23. Excavation of the contaminated soil began, and odors are expected to be released into the air. Air monitoring will be increased during the process which is expected to take at least three to four days depending on the depth of the contaminants in the soil. The EPA requested Norfolk Southern to provide additional financial assistance to residents within one mile of the derailment site if they are impacted by the odors released during the excavation of the soil which the company has agreed too. Pennsylvania state agencies will support another East Palestine Community Resource Fair this Thursday at the East Palestine High School. Beaver County will coordinate a separate Community Resource Fair for Pennsylvania residents for next week which the state agencies will support. U.S. Senator Bob Casey completed a quick tour and talk at the Health Resource Center Monday morning. A Norfolk Southern contracted company has sampled 16 private wells in Pennsylvania. DEP has sampled 27 private wells in the area as of Monday with more sampling excepted 3/7/23. On 3/8/23 DHS coordinated a call with Beaver and Lawrence counties about the possibility of applying for a Substance Abuse and Mental Health Services Administration (SAMHSA) Emergency Response Grant (SERG) to provide funding for additional behavioral health services that may be required following this incident. DOH and PEMA also participated in the call. Excavation work at the site was temporarily stopped due to elevated readings and release of odor. The pit has currently been covered as Unified Command decides how to move forward. Beaver County will coordinate a separate Community Resource Fair, supported by appropriate state agencies, for Pennsylvania residents on March 16, 2023, from 1800-2000 hours at the Darlington Township Fire Department. The excavation of the soil at the south tracks of the derailment site is mostly complete. As of 3/13/23, Norfolk Southern is waiting on soil samples to come back from the elevated spots that were detected. Due to contaminants being detected during the initial excavation at two to four inches, additional sampling was done at 12 to 15 inches to make sure all contaminated soil is removed. Soil excavation for the north track is still in the planning process. As of 3/16/23, the excavation of the soil at the south tracks of the derailment site is complete. If the results from the soil samples are within acceptable limits, it will take about a week to reinstall the tracks on the south side. The Health Resource Center (HRC) completed its final daily operational period at 1400, 3/16/23. The HRC will operate on Thursdays beginning 3/23/23. Excavation of the north track and removal of contaminated soil and water continues. OSHA has joined the on-site operations to provide support to the safety officer and ensure that the community and personnel are safe during operations. EPA Region 5 conducted an information session focused on air quality and air monitoring on 4/27/23. EPA Region 5 conducted an information session focused on surface water on Thursday, May 11, at the Way Station and First United Presbyterian Church in East Palestine. Activities are ongoing.

CLOSED:
FIRE ALARM ACTIVATION – Dauphin County, 6/19/23 - At 0050 hours, emergency crews were dispatched to the PA State Archives Building located at 1681 N. 6th Street for a fire alarm activation. At 0116 hours, Capitol Police and the Harrisburg Fire Department reset the alarm system and cleared the scene with no fire found.

SHOOTING – Philadelphia County, 6/18/23 - A shooting occurred injuring five on the 1700 block of South Ringgold Street. Two adult females, two adult males, and a four-year-old boy were transported to local hospitals with gunshot wounds. An investigation is ongoing, the incident is closed.

WATER RESCUE – Westmoreland County, 6/17/23 – The Westmoreland County 911 Center received a text that a male went under the water in the Jacobs Creek swimming hole in the Creek Falls area off Chaintown Road in South Huntingdon Township. Emergency units were met by a bystander at the scene who confirmed the individual had been underwater for 15-20 minutes. Multiple dive and water rescue units from Fayette, Washington, and Westmoreland Counties responded to assist. Divers spent two hours searching with nothing found. Divers resumed the search at 0800 hours on 6/18/23 and a body recovery was conducted.

DISASTER DECLARATIONS:

6/16/23 – West Cocal Township, Chester County issued a Declaration of Disaster Emergency due to adverse weather and storm damage throughout the township on 6/16/23.

6/12/23 - Governor Josh Shapiro issued a proclamation of disaster emergency for Philadelphia County in response to the I-95 fire and collapse on 6/11/23. The governor’s proclamation makes $7 million of state funds immediately available for the reconstruction of the roadway and authorizes the Pennsylvania Emergency Management Agency, the Department of Transportation, and the Pennsylvania State Police to use all available resources and personnel, as necessary. This proclamation will remain in place for 21 days, unless extended by the Legislature.

3/4/23 – Fayette County issued a disaster declaration due to adverse weather and storm damage throughout the area on 3/3-4/23.

3/4/23 – The City of Connellsville, Fayette County issued a disaster declaration due to adverse weather and storm damage throughout the area on 3/3-4/23.

3/4/23 – Menallen Township, Fayette County issued a disaster declaration due to adverse weather and storm damage throughout the area on 3/3-4/23.

12/15/22 – Carbon County issued a Disaster Declaration due to adverse weather that passed through the area on 12/14-15/22.

11/29/22 – Newell Borough in Fayette County issued a Declaration of Disaster Emergency due to adverse weather that passed through the area on 11/27/22.

11/28/22 - Declarations of Disaster Emergency were issued for Dunlevy, Coal Center, Roscoe, Elco, Stockdale, and Allenport boroughs in Washington County due to adverse weather that passed through the area on 11/27/22.
9/12/22 – The Borough of Cranesville in Erie County issued a Declaration of Disaster Emergency due to the borough’s refuse collector suddenly going out of business on 8/15/22 causing a public health emergency.

9/10/22 - Yoe Borough in York County issued a Declaration of Disaster Emergency due to damages from flash flooding from a significant rainstorm on 8/5/22.

9/2/22 - West Taylor Township in Cambria County issued a Declaration of Disaster Emergency due to damage caused by a severe storm on 8/21/22.

8/23/22 – East Taylor Township in Cambria County issued a Declaration of Disaster Emergency due to damage caused by a severe storm on 8/21/22.

8/23/22 – Middle Taylor Township in Cambria County issued a Declaration of Disaster Emergency due to damage caused by a severe storm on 8/21/22.

8/19/22 – The U.S. Small Business Administration issued SBA disaster declaration #17579 and 17580 / PA-00120 for flash flooding that occurred on 8/5/22. The primary county affected is Westmoreland, and the contiguous counties affected are Allegheny, Armstrong, Butler, Cambria, Fayette, Indiana, Somerset, and Washington. The application period for economic injury loan applications expired on 5/19/22.

6/28/22 – North Strabane Township in Washington County issued a Declaration of Disaster Emergency due to a landslide that occurred on 4/17/22 within the Majestic Hills neighborhood.

5/11/22 – Bridgewater Borough in Beaver County issued a Declaration of Disaster Emergency due to a landslide that occurred on 5/7/22 in the area of 1000 Sharon Road.

4/14/22 – Lower Makefield Township in Bucks County issued a Declaration of Disaster Emergency due to a Ransomware cyber-attack affecting township government systems.

3/3/22 - West Mahoning Township in Indiana County issued a Declaration of Disaster Emergency due to a structure fire involving the municipal building. The Declaration was extended on 3/17/22 and again on 5/18/22.

2/21/22 – Elected officials from Jenner Township in Somerset County signed a Declaration of Disaster Emergency for the response to the fuel oil spill on Quemahoning Creek.

1/30/22 - Pittsburgh Mayor Ed Gainey signed a Declaration of Disaster Emergency for the City of Pittsburgh in response to the Fern Hollow Bridge collapse.

1/29/22 - Pennsylvania Governor Tom Wolf signed a Proclamation of Disaster Emergency for Allegheny County in response to the collapse of Fern Hollow Bridge in Pittsburgh.

9/10/21 - The Honorable Tom Wolf, Governor of the Commonwealth of Pennsylvania, requested a major disaster declaration from the President through the Federal Emergency Management Agency to provide additional support for state, county and municipal governments, and individuals affected by the remnants of Hurricane IDA between 8/31/21 and 9/5/21. The declaration includes Individual Assistance to individuals and households in Bucks, Chester, Delaware, Montgomery, Philadelphia, and York Counties, and assistance under the Hazard Mitigation Grant Program in all areas of the Commonwealth. Public Assistance is under review. The President approved the declaration on 9/10/21 under Major Disaster Declaration FEMA-4618-DR. 9/24/21 – Amendment No. 1 designates Bedford and
Northampton Counties for Individual Assistance. 10/8/21 – Amendment No. 2 designates Bucks, Chester, and Montgomery Counties for Public Assistance (already designated for Individual Assistance). 10/14/21 – Amendment No. 3 designates Bedford, Philadelphia, and York Counties for Public Assistance (already designated for Individual Assistance). Plus, Fulton, Huntingdon, Luzerne, and Schuylkill Counties for Public Assistance. 10/20/21 – Amendment No. 4 designates Delaware County for Public Assistance (already designated for Individual Assistance), and Dauphin County for Public Assistance.

8/31/21 - The Honorable Tom Wolf, Governor of the Commonwealth of Pennsylvania, signed a statewide Proclamation of Disaster Emergency on 8/31/21 in response to severe weather event Hurricane Ida that impacted the Commonwealth of Pennsylvania causing widespread threats of serious flash and riverine flooding and other adverse impacts throughout the Commonwealth.

10/5/20 – The Honorable Tom Wolf, Governor of the Commonwealth of Pennsylvania, requested that President Trump declare a major disaster for nine Pennsylvania counties in the wake of devastating flooding caused by Tropical Storm Isaias in August 2020. The request included Berks, Bucks, Chester, Delaware, Lehigh, Monroe, Montgomery, Northampton, and Philadelphia counties.

8/11/20 – A Disaster Declaration was issued for Philadelphia County for events and damages related to Tropical Storm Isaias.

8/4/20 – A Disaster Declaration was issued for Montgomery County for events and damages related to Tropical Storm Isaias.

3/30/20 - Governor Tom Wolf requested a major disaster declaration from the President through the Federal Emergency Management Agency to provide additional support for state, county and municipal governments and certain nonprofits, as well as individuals who are struggling during the COVID-19 outbreak. The request for a major disaster declaration will provide the same emergency protective measures available under the nationwide emergency proclamation; the following Individual Assistance programs: Disaster Unemployment Assistance, Crisis Counseling, Community Disaster Loans, and the Disaster Supplemental Nutrition Program; and Statewide Hazard Mitigation. The President approved the declaration on 3/30/20 under Major Disaster Declaration FEMA-4506-DR.

3/19/20 - A Disaster Declaration was issued for Elk, Mercer, Monroe, Snyder, Somerset, Sullivan, and Susquehanna Counties in response to the COVID – 19 outbreak.

3/18/20 - A Disaster Declaration was issued for Adams, Allegheny, Butler, Clearfield, Forest, Greene, Pike, and Schuylkill Counties in response to the COVID – 19 outbreak.

3/17/20 - A Disaster Declaration was issued for Cambria, Cameron, Clarion, Clinton, Crawford, Cumberland, Fulton, Juniata, Lancaster, Lawrence, Lebanon, Northumberland, Potter, Warren, and Washington Counties in response to the COVID – 19 outbreak.

3/16/20 - A Disaster Declaration was issued for Bedford, Beaver, Blair, Cameron, Carbon, Columbia, Erie, Franklin, Huntingdon, Indiana, Jefferson, Lackawanna, Lehigh, Lycoming, McKean, Perry, Tioga, Wayne, Wyoming, and York Counties in response to the COVID – 19 outbreak.

3/15/20 – A Disaster Declaration was issued for Luzerne County in response to the COVID – 19 outbreak.
3/14/20 – A Disaster Declaration was issued for Centre and Westmoreland Counties in response to the COVID-19 outbreak.

3/13/20 – An Emergency Declaration for Public Assistance Emergency Protective Measures was issued on March 13, 2020, for all Pennsylvania counties to cover eligible costs that are directly associated with the Emergency Protective Measures being taken to respond to and protect the residents of Pennsylvania from the COVID-19 virus. The designation is EM-3441.

3/13/20 – A Disaster Declaration was issued for Bradford, Bucks, Dauphin, Fayette, Northampton, and Union Counties in response to the COVID-19 outbreak.

3/12/20 – A Disaster Declaration was issued for Allegheny, Berks, Mifflin, and Montour Counties in response to the COVID-19 outbreak.

3/08/20 – A Disaster Declaration was issued for Montgomery County in response to the COVID-19 outbreak.

03/07/20 – A Disaster Declaration was issued for Delaware County in response to the COVID-19 outbreak.

01/18/19 – The Honorable Tom Wolf, Governor of the Commonwealth of Pennsylvania signed a statewide Proclamation of Disaster Emergency on 01/18/19 due to a severe winter event that is expected to impact the Commonwealth of Pennsylvania, causing dangerous winter weather conditions including snow, ice accumulation, and flooding.

11/27/18 – A Major Disaster Declaration was declared on 11/27/18 for severe storms and flooding that occurred 8/10/18 – 8/15/18. Public Assistance (Cat A-G) was approved for Bradford, Columbia, Lackawanna, Lycoming, Montour, Northampton, Schuylkill, Sullivan, Susquehanna, Tioga, and Wyoming Counties. In addition, all areas in the Commonwealth of Pennsylvania are eligible for assistance under the Hazard Mitigation Grant Program. The designation is FEMA-4408-DR.

1/10/18 – The Honorable Tom Wolf, Governor of the Commonwealth of Pennsylvania signed a statewide disaster declaration on 1/10/2018 for the on-going heroin/opioid epidemic. It will enhance state response and increase access to treatment. The declaration is the first-of-its-kind for a public health emergency in Pennsylvania. It will utilize a command center at the Pennsylvania Emergency Management Agency to track progress and enhance coordination of the health and public safety agencies. The declaration specifies 13 key initiatives that are the culmination of a collaboration between all state agencies, with focus on the departments of Health, Drug and Alcohol Programs, the Pennsylvania Emergency Management Agency, the Pennsylvania Commission on Crime and Delinquency, and the Pennsylvania State Police. On 3/6/18, the governor amended this declaration to include the winter storm that began on 3/6/18.

12/2/16 – A Major Disaster Declaration for Public Assistance (Cat A-G) was declared on December 2, 2016, for Bradford, Centre, Lycoming, and Sullivan counties. In addition, all areas in the Commonwealth of Pennsylvania are eligible for assistance under the Hazard Mitigation Grant Program. The designation is FEMA-4292-DR.

CONTIGUOUS STATE EVENTS OF POTENTIAL INTEREST TO PENNSYLVANIA:

**Delaware:** Normal Operations
Maryland: Normal Operations
New Jersey: Normal Operations
New York: Normal Operations
Ohio: Normal Operations
West Virginia: Normal Operations

24-Hour Projected Weather Statewide:

National Weather Service, 0557 hours, 6/19/23

A ridge of high pressure extending into Pennsylvania from the New England states will provide plenty of sunshine for today, along with a relatively light southeasterly flow. The sky should be bluer today as the thickest plume of smoke aloft from ongoing Ontario and Southwestern Quebec wildfires will stay mainly to the north of Pennsylvania.

A few afternoon showers or thunderstorms will be possible across the southwest part of the state later this afternoon and evening, and along a weak surface cold front that will be across the northern mountains Tuesday afternoon.

Highs this afternoon will range from the upper 70s to low 80s across the northern and western mountains, to the mid and upper 80s across the central Mountains and Susquehanna River Valley.

Under partly cloudy skies tonight with increasing low-level moisture, temperatures will dip into the upper 50s to mid-60s, after a string of cool nights late last week and this past weekend.

Look for variable amounts of mainly high clouds across the state on Tuesday with high temperatures a few degrees cooler than Monday, thanks to the persistent southeast flow off the western Atlantic.
