

Non-profit Security Grant Program (NSGP)

A federally-funded program managed by Pennsylvania Emergency Management Agency

Getting Ready Fact Sheet

The Grant

The purpose of the Non-Profit Security Grant Program (NSGP) is to help eligible nonprofit organizations that are at a high risk of a potential terrorist attack by: 1) Providing funds to increase their location's physical security through target hardening and/or physical security enhancements and 2) Establishing working relationships between the emergency response efforts of the non-profit sector and those of the local and state emergency responders.

Eligibility

To be eligible for the NSGP grant, applicants must:

- Be registered/recognized as a 501(c)(3) organization as described in the Internal Revenue Code of 1986.
- Be physically Located within the state of Pennsylvania.
- Be at a high risk of a terrorist attack.

Application

Non-profit organizations may only apply for the grant through the Pennsylvania Emergency Management Agency (PEMA). Once the Federal Fiscal Year (FFY) 2019 Notice of Funding Opportunity is released from the Federal Emergency Management Agency, the 2019 application, instructions and deadline along with other necessary information will be posted on PEMA website at www.pema.pa.gov. In-person and Web-based application workshops were held in Pittsburgh, Philadelphia and Harrisburg areas from January through March 2019. Please monitor the website to register for the NSGP upcoming events.

Resources for You

The PEMA website is designed to be a complete resource to help you determine eligibility and learn about application requirements. For general inquiries, contact us at NSGPgrant@pa.gov. Include your organization's name and contact information in your email.
