Community Industry Resources

Gnorski Construction Company

The Gnorski Construction Company is general and heavy construction contractor. They maintain all of the water lines for the Peabody City Water Department. Gnorski uses union hall labor for special projects and maintains a steady workforce of 2 office workers, 5 engineers, 8 field workers, and 1 mechanic.

Equipment stored on site includes:

1-32 CY 550 HP scraper/hauler @ $460.00/hour ($10,000 min.)
1-15 CY 200 HP scraper/hauler @ $200.00/hour ($6,000.00 min.)
1-D-4 100 HP dozer @ $40.00/hour ($850.00 min.)
2-D-9 460 HP dozers @ $175.00/hour ($2,000.00 min.)
1-60 ton Crawler cable crane w/2 CY clamshell bucket @ $155.00/hour
1-45 ton hydraulic truck crane @ $195.00/hour
1-60” double drum sheepsfoot towed roller 5’ wide @ $109.00/day, $315.00/week, $1310.00/month
1-15 ton 9-wheel tired roller compactor @ $125.00/hour
1-5 CY wheeled articulated Loader @ $75.00/hour
2-1.5 CY wheeled loaders w/18” backhoes @ $52.00/hour
1-3 CY dragline w/150 ton crawler @ $102.00/hour
1-2 CY Backhoe crawler @ $83.00/hour
9-12 CY Dumps @ $80.00/hour
2-5 CY Dumps @ $65.00/hour
1-Asphalt paver @ $65.00/hour
1-8 ton Two axle steel drum diesel steam roller @ $125.00/hour
2-6,000 lb forklifts @ $275/day (No operator)
1-8,000 lb forklift (rough terrain) @ $333.00/day (No operator)
4-8,000 watt lighting towers w/generators @ $129.00/day; $373.00/week; $1040.00/month (No operator)
2-4” Trash pumps w/hoses @ $72.99/day; $243.00/week; 656.00/week (No operator)
2-3” Trash pumps w/hoses @ $48.00/day; $160.00/week; $444.00/month (No operator)
1- Low boy heavy equipment hauler w/truck @ $265.00/hour
**McIntosh Trucking**

Macintosh Trucking is a general cartage firm that has a number of vehicles including:

- 4-16 foot U-Drive moving vans @ $55.00 day
- 2-24 foot U-Drive moving vans @ $70.00 day
- 8-10 foot Utility trailers, 1 ton capacity, 2" ball @ $35.00/day
- 3-Semi-trailer moving vans w/crew @ $95.00/hour
- 5-5 CY Dumps @ $65.00/hour
- 6-12 CY Dumps @ $92.50/hour

**Muller Sand & Gravel**

The Muller Sand & Gravel Company is the sole supplier of aggregates in McKay County. Muller has two hopper loading lanes capable of delivering 2.5 tons/minute/lane. If necessary, they can also pile load vehicles using their two wheeled front end loaders. All trucks are weighed at a single scale to determine billing loads. Muller also has dump trucks that can be used to deliver aggregates anywhere in the country. In an emergency, the pit can operate at night, but portable lighting units must be acquired for illumination.

The pit supplies:

- Sand (1.35 CY/ton) @ $13.50/ton
- ¾" gravel (1.4 CY/ton) @ $12.50/ton
- 1-1/2 gravel (1.4 CY/ton) @ 12.75/ton
- Pit run (1.4 CY/ton) @ $11.75/ton
- 1-2.5 CY loader (90 CY/hour)
- 1-1.5 CY loader (55 CY/hour)
- 8-12 CY dumps @ $76.50/hour + load
- 4-8 CY dumps @ $65.00/hour + load
- 4-5 CY dumps @ $60.00/hour + Load
Racor Industrial Complex
2-4,000 lb. forklift (no price given for use)

Witt Lumber
Witt Lumber carries a variety of construction materials, as listed below.

2 x 4 x 8 @ 1.92 (579 on hand)
2 x 4 x 10 @ 2.47 (431 on hand)
2 x 4 x 12 @ 2.79 (631 on hand)
2 x 4 x 14 @ 3.47 (211 on hand)
1 x 12 x 12 @ 3.47 (211 on hand)
1 x 12 x 12 @ 9.48 (533 on hand)
7/8 Ply wood @ 17.88/sheet (410 on hand)
7/8 Marine Grade Plywood @ 79.85/sheet (27 on hand)
8' x 100' 8 mil. Plastic @ 41.10/roll (53 on hand)
8' x 100' 6 mil. Plastic @ 37.56/roll (71 on hand)
Plastic Sandbags @ .65 ea. (22,632 on hand)*
Grain Sacks (24x48) @ 1.75 (3,142 on hand)

Vehicle Fleet:
3-16' Stake Trucks
2-24" Stake Trucks
3-8,000 lb. Fork lifts
1-4,000 lb. Fork lift

*Country Highway first refusal contract @ 20,000
Equipment Notes

1. 32 Cy scraper/hauler pushed by D-9 Dozer - 1,000 foot haul, 315 CY/hour; 2,500 foot haul, 219 CY/hour; 4,000 foot haul, 158 CY/hour (Work done in clay, shale or soft rock will reduce output by 10% to 20%)

2. 15 CY scraper/hauler pushed by D-8 355 HP dozer - 1,000 foot haul-135 CY per hour; 2,500 foot haul-90 CY per hour; 4,000 foot haul-68 CY per hour (Work done in clay, shale or soft rock will reduce output by 10% to 20%)

3. D-4 Dozer-150 foot push undistributed soil to pile, 29 CY/hour

4. D-9 Dozer-150 foot push undistributed soil to pile, 205 CY/hour

5. 60 Ton Crawler w/clamshell output to cast excavated soil next to site or load into trucks - Loam or light clay-78 CY per hour; Sand or gravel – 85 CY per hour; Heavy clay- 28 CY per hour; Unclassified soil-36 CY per hour

6. Sheepsfoot roller towed behind D-7 dozer - 6” lifts 185 CY/hour; 8” lifts 245 CY/hour;

7. 15 ton 9- wheel tired roller compactor - 6” lifts 500 CY/hour; 8” lifts 750 CY/hour; 10” lifts 1,000 CY/hour

8. 5 CY Loader-loose material moved 50 feet to pile or dumped in truck, 218 CY/hour

9. 1.5 CY Loader-loose material moved 50 feet to pile or dumped in truck, 55 CY/hour

10. 3 CY dragline w/150 ton crawler crane - Soil moved adjacent to excavation or loaded into trucks: Loam or light clay-116 CY per hour; Sand or gravel-113 CY per hour; Heavy clay- 70 CY per hour; Unclassified soil-53 CY per hour

11. 2 CY Backhoe crawler - Soil moved adjacent to excavation or loaded into trucks: Light soil-100 CY/hour; Most soils-85 CY/hour; Wet soil or loose rock-70 CY/hour.

12. 4” Trash pump; 5’ Lift 1475 GPM; 8’ Lift 1250 GPM

13. 3” Trash pump; 5’ Lift 1150 GPM; 8’ Lift 950 GPM
